going. I will guarantee that, that it is going to cost us more. You haven't seen the end of this yet. So when you see the appropriations come for the HHS, there it will be. There it will be and we will be talking more dollars again. To grocers, it is costing us 8 cents to run that through. We are asking for a little relief to help save our businesses and also to help save the HHS's behind.

SPEAKER KRISTENSEN: Time. Items for the record.

ASSISTANT CLERK: Thank you, Mr. President. Amendments to be printed; Senator Beutler to LB 429, and Senator Wehrbein also to LB 429. Senator Landis would designate LB 488 as his priority bill. Name adds: LB 1263 by Senator Schimek, LB 1067 Senator Jensen would withdraw, Senator Suttle to LB 1117, and Senator Smith to LB 881. That's all that I have. (Legislative Journal pages 536-537.)

SPEAKER KRISTENSEN: Thank you, Mr. Clerk. Members, I have received several inquiries about when we will be moving over to individual priority bills and that will be next week. We have some things to take care of before we move into those bills. We probably will be back, I will be putting the agenda together today for tomorrow, but we have a special order that is going to occur on Friday for an appropriations bill, and Monday we will be moving over to individual priority bills. At that point, I will try to put a memo out to remind your staff and yourself and for those that weren't here this morning of that group, and we will try to get the agendas out as soon as we can so you can have a good idea of what's going to happen the next few days. Mr. Clerk, item on the desk.

ASSISTANT CLERK: A priority motion from Senator Erdman to adjourn us till Thursday, February 7th, 9:00 a.m.

SPEAKER KRISTENSEN: You've heard the motion. The question before the body is, shall we adjourn? All in favor say aye. Those opposed say nay. We are adjourned.
